LIRIC ASSOCIATES LTD

PRESS RELEASE

Information Security Europe: 27 - 29 April 2004

Since its formation in 1994, LIRIC Associates Ltd has provided innovative Information Technology, IT Security and Telecommunications consultancy to a wide range of UK Government Departments and Private Sector Organisations. LIRIC maintain a vendor-independent stance making them an ideal partner to monitor the delivery of services and products on behalf of their clients – a classic ‘customer-friend’ role.

LIRIC is pleased to announce that it has recently achieved BS 7799 Certification. LIRIC has been conducting their business in accordance with BS 7799 for some considerable time, consequently certification was achieved at the first attempt. This is further proof that LIRIC’s commitment to the secure management of their client’s information is of paramount importance to the Company.

LIRIC has an impressive client-base, consisting of central and local Government, the Ministry of Defence, law enforcement and intelligence agencies and major corporate organisations. With each consultant and engineer boasting a minimum of 20 years experience in their field and a significant number of 7 permanent CLAS consultants, LIRIC has helped protect its clients’ IT systems against hacking and corporate fraud since 1994. LIRIC’s comprehensive range of services, which include consultancy advice, assessment, design, implementation and management, take projects from inception through to successful completion.
